

# TV/COMPUTER MONITOR & ELECTRONICS RECYCLING

## Where to go and what you need to know:

Most televisions and computer monitors contain a cathode ray tube (CRT), which contains lead that can damage the environment. Disposal of CRTs in household trash or at the Miramar Landfill is illegal by California law. Below is a list of State approved recycling facilities in the city of San Diego that accept CRTs and a variety of electronics for recycling.

**Please call to verify** exactly what types of electronics each facility will accept, and what that facility will charge for the service. In addition to CRTs, examples of recyclable electronics that a facility might accept include CPUs and computer keyboards, radios, toasters, telephones, cell phones and answering machines.

# APPLIANCE RECYCLING

Some appliances, such as refrigerators, freezers, and air conditioners, contain chlorofluorocarbons (CFCs), which are hazardous to the ozone layer. Disposal of CFC appliances and other major household appliances (stoves, clothes washers and dryers, dish washers, water heaters, etc.) at the Miramar Landfill is illegal.

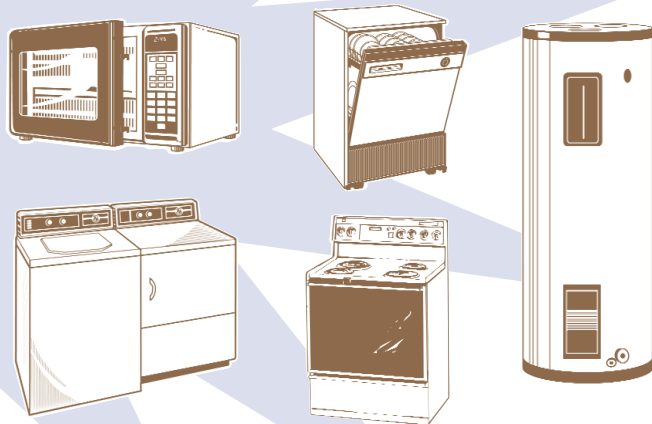

The City of San Diego is now accepting all major household appliances for recycling at the **Miramar Recycling Center (5165 Convoy Street, San Diego, CA 92111; 858-268-8971).**

**CFC Appliances can be recycled for a \$10 fee.**

• REFRIGERATORS • FREEZERS • AIR CONDITIONERS

**Non CFC Appliances can be recycled for a \$5 fee.**

• STOVES • OVENS • COOK TOPS • CLOTHES WASHERS  
• CLOTHES DRYERS • MICROWAVE OVENS • HOT WATER HEATERS
